The Amazon Fire TV and Stick have revolutionized home entertainment and made cutting the cord an easy decision. With one of these devices, you can enjoy a whole range of home entertainment, including live TV channels worldwide. Thanks to the availability of streaming apps for Android-based devices, you can watch almost any channel free of charge. This article and guide will show you different ways you can watch live TV on Firestick. But, before going further in this article on How to Watch Live TV on Firestick, we must mention some privacy cautions you have to take. Beware of Pirated Streams Most apps allow you to watch live TV on Firestick free of charge. That is why they should use them with caution, as they provide content that should otherwise be paid for free. Consumption of pirated content breaches copyright rules, which can get you in trouble with your ISP and/or the authorities. That's why it is so important to keep your online identity private. You can only achieve this by using a private and secure VPN. However, not all are reliable, as most collect the user logs and/or supply low speeds and a limited number of servers. The best VPN for streaming at the moment is IPVanish. The VPN is based in a privacy-friendly region, it's super-fast, and it provides you with a huge server network that spans all regions. Here's a highlight of what you get: Superb Speeds: Guarantees a smooth live streaming experience. Huge Server Network: You can connect to a nearby server for a fast and stable connection. UNLIMITED Devices: Connect dozens of devices at the same time! Unblock Anything: Safe access to censored apps, websites and torrent sites. Cloud Storage: 500GB of SugarSync Cloud Storage! Excellent Privacy: The VPN doesn't keep any activity logs, and so your activities are only known to you. Top-notch Security: This VPN uses AES 256-bit encryption and provides multiple protocols alongside other security features such as a kill switch and DNS & IPv6 protection. 100% Money-Back Guarantee: In case you do not like the service, you can get every penny back if you cancel within 30 days! To help you start, we managed to get an exclusive 65% discount off IPVanish. You can take advantage of this offer using the button below, and you will still be covered with the 100% money-back guarantee for a whole month! Get 65% of IPVanish, now! How to Watch Live TV on Firestick Now that you know why you should be careful about your privacy and security let's continue with this article on How to Watch Live TV on Firestick. Best apps to Watch Live TV on Firestick The best apps we suggest you use to watch live TV on Firestick are: 1. Live NetTV Live NetTV is a popular streaming app for Firestick and other Android-based devices. The app provides streams for 700+ TV channels properly organized into countries and various other categories. The channels on Live NetTV are high-quality and available free of charge. For all the live TV channels and movies, you'll be allowed to choose a video player from a large number of external video players. Visit the Live NetTV Install tutorial. TVMob is an updated version of TVTap and is one of the best live TV apps. If you were familiar with TVTap, TVMob inherited its predecessor's core features and added more options to improve home entertainment. Using TVMob, you can now enjoy over 900 TV channels from various European countries, the US, Canada, and India. You can select a channel using categories like Entertainment, Sports, Music, Movies, Documentaries, etc., and enjoy streaming free and in HD. The updated Pro version lets users disable ads by sharing idle resources. Here's how to install TVTap! 2. Loonatics Unleashed Loonatics Unleashed is an all-in-one Kodi addon that lets users access a wide range of movies, TV shows, live TV, anime, cartoons, and so much more. The addon's live TV streaming is provided in multiple ways, and one of them is through an inbuilt functionality of UsTVGo, TVTap, and LiveNet sources. The TVTap source, in particular, works very well, and you can access all channels provided in the original add-on. Apart from that, there's a sports section that provides live channels and a Foreign TV section where you can choose a country to get channels from the region. The other sections of the add-on also work extremely well, so this is an add-on you should check out. Here's how to install Loonatics Unleashed on Kodi. 3. Asgard Asgard is an all-in-one Kodi add-on and one of the best add-ons of 2021. You can use it to watch movies, TV shows, sports, IPTV, documentaries, stand-ups, anime, kids' content, and so much more. The IPTV sections contain multiple scrapers that help provide content worldwide. Some available sources are TV One, Xumo TV, Distro TV, Fluxus IPTV, and Lodge IPTV. Each contains its own channels and streams, so you will most likely find what you are looking for. Check out how to install Asgard on Kodi 4. Xumo TV Xumo is an official and free Kodi add-on that you can install from within the Kodi repo. The add-on has become quite popular as it provides lots of free content from big broadcasters, and you can use it to watch live TV in HD for free. This add-on originally worked in the US but has expanded to a few other countries. However, users in most countries will need to connect to a VPN. These apps and add-ons were tested on Aug 5th, 2022 Live TV App Firestick: FAQs How do I download live TV on my Firestick for free?
